LAC ONTARIO

A stylized map of Lake Ontario, showing its irregular shape and numerous bays and peninsulas. The lake is filled with concentric contour lines, suggesting depth or topography. Four black dots mark specific locations: one on the western shore (Fort Toronto), one on the southern shore (Fort Niagara), one on the eastern shore (Fort Frontenac), and one on the southern shore (Fort Oswego). The text 'LAC ONTARIO' is written across the center of the lake in large, bold, black letters.
