

STREET INDEX
 N.B. The Maps divided into quarter-mile squares to lines forming North & South and East & West. To find a street or public building refer to the letter and number opposite it in letters. Also find the corresponding letter and number in margin of Map and follow the square boundary & verify from there. The required name will be found in the square or intersection. Thus, "Map Street, 42, 30" will be found in the square, horizontally opposite Q and vertically in line with 30.
 N.B. Montreal Street Railway shows that
