réclame l'exemption de payer les six premiers mois de leur internement.

Le 28 février, en réponse à cette lettre, le Sous-Secrétaire

mais il a oublié de m'informer de la décision du Secrétaire Provincial
quant aux cas suivants, savoir:-

- PAULINE O'NEILL, internée le 7 janvier 1902.
- MRS. O'NEILL, internée le 7 janvier 1902.

Je vous prierais de bien vouloir me faire savoir dans quel
sens l'arrêté de payer pour les six premiers mois est accordé ou refusé
dans les cas susmentionnés.

Dear Sir:-

I beg to draw your attention to the fact that there
is no hydrants in the vicinity of the Stables of the Inoculation
Department, off Carrière at St. Genevieve Ward.

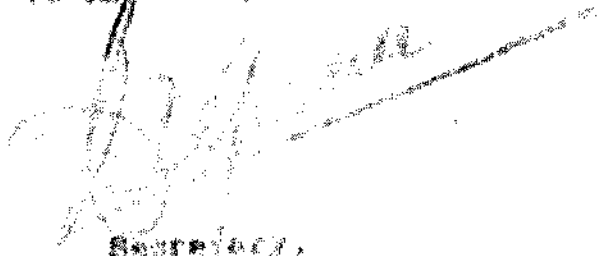

The City is now paying considerable premium for a
small amount of insurance it has on those stables, because
it is well known that in case of conflagration the firemen
would be powerless to save anything, owing to lack of hydrants.

I think therefore it is very reasonable to request
your Company to put at least two hydrants near said stables.

I hope you will give this matter your earnest con-
sideration.

Believe me,

Yours truly,

Secretary.

In reply to your favor of the 2nd instant, RE. Insurance of property under the control of the Incineration Committee, I beg to say that I have consulted the Chairman, Alderman Lavellie, and he is of opinion that \$1,000 insurance should be kept on the Incinerator, the other \$2,000 to be transferred to cover the additional insurance on houses, \$600.00 at Gregory house and \$1,400 at quarry station.

As to the other items the Committee are most anxious to have the increases made, but are strongly opposed to the payment of the extra premium out of their appropriations.

Yours respectfully,

Dear Sir:-

Yours of the 17th instant duly received and to your enquiries I have much pleasure in answering as follows:-

1.-All the sewers in Montreal empty in the River St. Lawrence and by that system the sewage is disposed of without the need of an Incinerator.

A successful experiment of a sewage farm has been made lately and by that system a whole ward is drained and the sewage disposed of.

2.-We have an incinerator of the Thackeray system which has been in operation since 1894. This incinerator is used for the burning of garbage and gives full satisfaction. Its capacity is 150 cords by 24 hours. The cost amounted to \$39,000.

I believe a similar one could be built on the same system.

A. W. Park, Esq.
For the Hackmen doing business on Victoria Sq.
Montreal.

Dear Sir:

I am directed by Alexander Nelson to inform you that the plans of the kiosk you proposed to build near Victoria Square have been found satisfactory. You are therefore authorized to proceed with the construction of said kiosk on the conditions mentioned in my letter of the 27th ult.

I would ask you, in view of the nature of the structure, to make a window on each side of it.

Mr. Hignett, Parks Dept., has been instructed to supervise the erection of the kiosk in question and to see that the same does not exceed the dimensions agreed upon, that is to say 7 x 10 feet.

Yours truly,

Monsieur le Ministre,
J'ai l'honneur de vous adresser ci-joint
un rapport sur les canons de la Milice,
à l'usage de votre Bureau.

Monsieur le Ministre,

À la fin de l'été dernier le dept. de la Milice a fait placer sur
le champ de tir de l'ancien arsenal hors d'usage. Par la suite on en
a fait plusieurs autres sur un coin du même terrain. Le dept.
des Parcs a été informé de cela par les Magasins du dept. de la
Milice pour lui faire la proposition de placer quelques uns de ces
canons sur le terrain de l'ancien arsenal. Cette proposition a été refusée
sans préjudice que les canons en question sont encore serviables. Les
autorités militaires de Montréal déclarent de contraire et affirment
qu'il est impossible de s'en servir pour des fins d'armement.

Pourriez-vous par votre influence pour obtenir que le
dept. de la Milice consente à ce que l'on place quelques uns de ces
canons sur le terrain de l'ancien arsenal. Ce serait un ornement pour ce Parc, tan-
dis que sur le champ de tir, ils sont plutôt un embarras.

Les canons des canons de St-Jacques Nord et St-J. Ets.
vous seraient recommandés et vous pourriez obtenir cette faveur.

Miss:-

I have been instructed by the Board of Directors
of the Park Committee to inform you that the Board has
recently viewed the site on Ontario Street, near to No. 4 Police
Station, for the establishment of a playground for children. It
suggested that a far better place would be the lot Coteau Barron
situated also on Ontario Street, about 100 feet east of St. Denis
Street. This site, it is expected, could be used for a nominal rent.
The proprietors are the Ecclesiastics of the Order of St. Mary.

I may add that nearly all the citizens in the vicinity
of Ontario Street have expressed the opinion that the site next
to the police station is not suitable for a playground and that
the site suggested by Alderman Coteau would be more advantageous
for the purpose.

I need the honor to be,
Yours respectfully,

The members of the Conduct committee are anxious to know what progress you have made with your work.

Are you to understand that you are preparing a final plan, and detailed or only preliminary sketch of the proposed subsidy?

Have you in hand all the necessary details to complete your work?

In your letter of the 8th ult. to Alanson H. Hoffman you stated you had not heard of Mr. Gooder's plan. How will you overcome that difficulty?

When shall we have your next visit?

All these questions are asked every day and I would be pleased if you could put me in position to answer them.

Dear Sir,

I beg to acknowledge receipt of your letter of the 27th October inst., which has been submitted to the Finance Committee, and in reply I am instructed to say that at the meeting in question to which you refer, it was understood that upon Mr Howe's return to Montreal, he would be instructed to meet the civic delegation and go over the report he had made, and ascertain what has been done by the City towards meeting the underwriters' views and what else remained to be done.

Since then, upon second enquiries, as to when Mr Howe would be ready, we were informed that Mr Howe was still ill, but as soon as possible he would give this matter his attention.

Up to the present, Mr Howe has never made his appearance or signified his willingness to attend with the object in view.

I am further instructed to say that as soon as Mr Howe will meet the delegation, it will be prepared to go over the report, as was understood.

the first part of the report, the author states that the purpose of the study is to determine the relationship between the use of different types of clothing and the incidence of various types of skin diseases. The author then discusses the methodology used in the study, which involved a survey of a large number of subjects. The results of the study are presented in a series of tables and graphs, and the author concludes that there is a significant relationship between the use of certain types of clothing and the incidence of certain types of skin diseases. The author also discusses some of the limitations of the study and suggests some areas for further research.

Mr. E. Phelps, Jr. Esq.,
Chief Engineer Electrical Co.,
Baltimore, Ind.

Dear Mr. Phelps,

In the last municipal contest we had the misfortune of losing our Chairman, Mr. Martinson, who was defeated by Mr. J.S. Duquette. It is certainly a loss for the cause of conduits, but happily the Council has appointed a new Chairman who has at heart, as much as any one else, the success of the proposition we are now striving to force upon the electric companies. The new Committee on Conduits is composed as follows:-

Mrs. E.A. Lapointe, Chairman, Mrs. Ames, Vallieres, Levallee, Fayette, Robertson, Wilson, Lariviere, Barton, Duquette & Clearman.

A meeting was held on Monday last and it was decided to secure immediately from the Legislature the power to borrow money for the construction by the City of a system of conduit based on your plans.

We will find enclosed a copy of the City's bill in that connection.

We will need for the proceedings before the Legislature many copies of your plans and we have therefore decided to publish them in the Municipal Gazette of Montreal which has been recently established, but we need for that purpose the original plans. Kindly send us as soon as possible these originals.

Moreover you will find a copy of an interview given to one of the newspapers by Mr. Nelson Gilbert, of the N.L.R. & Co's. I would be pleased if you could send me a reply to the criticisms therein contained, & order to be able to answer if the same arguments are used before the Legislature.

I have ~~been~~ with deep regret of the ~~disaster~~ fire which swept away the ~~main~~ part of your City I am knowing the anxiety and change of your fellow citizens, I am sure that these things will soon be replaced by beautiful and substantial buildings.

I am sure that you have not been the sufferer in any way of the conflagration. I will ~~be~~ a cheque for the full amount of your receipt by the end of the week.

Kindly give my best regards to Mr. Edwards, and believe me

Cher Monsieur:-

En réponse à votre demande de renseignements en sujet de la réclamation de la Cie Montreal Light, Heat & Power pour le paiement d'une somme de \$51.10 pour avoir enlevé deux poteaux la situation emplacement du marché Hochelaga, je dois vous dire que les poteaux en question ont été enlevés sur l'ordre du département des Parcs, lors que ledit emplacement a été transformé en parc public. Évidemment je ne vois pas pourquoi la Cie M.L.H. a devoir payer le paiement des travaux qu'elle a été obligé de faire pour se conformer à l'ordre du département des Parcs. Les poteaux en question avaient été érigés sur le terrain privé de la Cie de Montréal, ce n'est que le jour ou la Ville a eu besoin de ces poteaux qu'elle a demandé de les enlever.

Par conséquent, madame, j'ai présumé qu'elle a droit d'être remboursée de ses dépenses à ce sujet. C'est aux procès de décider si cette prétention est bien fondée.

A SON HONNEUR LE MAIRE GUAY
St-Henri,

Cher Monsieur:-

Je comprends que la Ville de St-Henri a adopté un règlement prohibant le trafic des timbres de commerce dans ses limites.

Je dois vous dire que la Ville de Montréal a aussi adopté un règlement du même genre, lequel sera exécutoire le 1er Mai prochain (1904).

Ne croyez-vous pas qu'il serait opportun de mettre votre règlement immédiatement en vigueur et d'intenter des poursuites contre les personnes qui refuseront de s'y conformer? Si des poursuites étaient prises de suite par la ville de St-Henri pour faire respecter son règlement, cela aurait certainement pour effet d'aider considérablement la ville de Montréal, lorsqu'il s'agira pour cette dernière de faire, à son tour, respecter le règlement qu'elle a adopté sur cette même question.

Je ne permets de vous faire ces suggestions parce que je suis Monsieur le Maire que vous comprendrez la nécessité de coopérer avec nous pour faire disparaître cet abus du trafic des timbres de commerce qui est une nuisance et un entrave au commerce.

Dear Sir.--

Your letter of the 7th instant addressed to His
 Worship the Mayor, offering the services of the Band of your Re-
 giment to play on Dominion square and on Place Viger, was referred
 to the Parks and Feries Committee. I am now instructed by said
 Committee to thank you for your kind offer, which, unfortunately,
 cannot be accepted.

Some years ago a Band was allowed to give concerts on
 Viger square and the result was the destruction of the turf and
 flower beds. The members of the Parks Committee are afraid that
 the same thing will occur if the permission sought for is granted.

I have the honor to be,

Monsieur le ...

Le fait que le dépt. des Parcs a pris possession du
nouveau terrain entre le Palais de Justice et l'Hôtel de Ville,
vous aura permis de constater que rien n'a été épargné pour en faire
un lieu agréable. Nous faisons continuellement des efforts pour conserver
en bon état le gazon qui a été semé sur ce square. Nous rencontrons
malheureusement, quelques difficultés sous ce rapport, causées par
le fait qu'il y a toujours un nombre considérable de curieux qui
se tiennent sur la pelouse au côté du Palais de Justice, pour at-
tendre la voiture de la prison et voir les prisonniers.

Le Surintendant des Aigles se plaint amèrement de cet
état de choses.

S'il y avait possibilité de prendre des mesures pour faire
entrer les prisonniers dans le Palais de Justice, sans que person-
ne puisse les voir, cela débarrasserait notre belle square de tout
ces badauds qui peuvent séjourner 24 heures au même endroit pour ar-
river à reconnaître la figure d'un prisonnier.

Très respectueusement,
Veuillez agréer, Monsieur le ...

Cher monsieur.

Il se présente actuellement une difficulté assez sérieuse au sujet de l'enlèvement des charognes. L'entrepreneur qui a le contrat pour ce service prétend que toutes les charognes dans la ville de Montréal sont sa propriété, y compris les bestiaux qui arrivent morts ou qui meurent dans les cours des propriétés de chemin de fer.

La Commission de l'Industrie s'assemble demain pour discuter cette question, et je vous prie, afin de sauver du temps, de bien vouloir leur transmettre une réponse aux questions suivantes:-

1.--Le contrat entre la ville et l'entrepreneur de l'enlèvement des charognes, donne-t-il à ce dernier la propriété de tous les animaux, dans les limites de la Cité de Montréal, qui meurent sans avoir été saignés ou abattus, ainsi que des bestiaux qui arrivent morts ou qui meurent dans les cours des propriétés de chemin de fer? (Voir courtes et rég. No. 454.)

2.--Les pouvoirs obtenus de la Législature de Québec par la Law Passing City of Montreal Stock Yards, leur donnent-ils le droit de passer outre aux règlements adoptés par la Cité de Montréal au sujet de l'enlèvement des charognes, dans les cours des propriétés de chemin de fer?

(2)

par les rivières ou par chemins de fer et aussi les animaux qui meurent
dans les cours à bœufs sans avoir été saignés ou abattus.

Croyez-moi,

cher monsieur,

Votre bien dévoué,

Le Maire de Montréal.

Dear Sir,

As I am planning a trip to Gaspé with a few friends, I am interested in the traffic facilities around Gaspé des Chaleurs, and I am informed that the "Admiral" has ceased running between Dalhousie and Gaspé. Could you let me know whether this is the case or not, if she is to resume her trips and when, or if any other boat has taken her place?

If the "Admiral" is still in active service, you would do me a great favor by calling on a Miss Latta and letting me know the facts between Dalhousie and Gaspé.

2 mai 1914

Cher monsieur Massé,

Je me fais un plaisir de vous donner les détails que
je vous ai promis relativement à l'expropriation de la rue St.
Antoine, entre les rues Craig et Inspecteur.

Le coût de l'expropriation en question s'élève à \$110,951,
74, lequel montant sera probablement porté à près de \$112,000 lorsque
les frais de cour auront été ajoutés. Il y aura cependant à
défalquer de ce montant le produit de la vente des propriétés
Manseau et Hurlubise. D'après les renseignements que j'ai eus, ces
propriétés rapportent à peu près \$20,000. Le coût de l'expro-
priation sera donc \$92,000, à répartir comme suit:-

La moitié, \$46,000, payable par la ville et l'autre moitié
par les propriétaires d'immeubles rue St-Antoine, entre Craig et
Inspecteur. Il y a entre les limites ci-dessus 112 pieds de front
ce qui porte le coût pour chaque pied de front à \$820.

Maintenant au sujet de vos propriétés situées sur la
rue St-Antoine, entre Craig et Inspecteur.

Il y a 112 pieds de front sur votre propriété et
le coût de l'expropriation de ce front est de \$91,840.
