TO HIS WORSHIP THE MAYOR, THE ALDERMEN AND CITIZENS OF THE
CITY OF MONTREAL.

The Market Committee

Respectfully Report,

That in the amount granted
them for the construction of a market in the
St James ward, the sum of ~~\$45000~~ was
set apart for a weigh house in connection

be spent with greater advantage to the Cor-
poration, if applied to the laying of chaise-
stone round said market and levelling the
ground, preparatory to the laying of a new
footpath.

They therefore recommend that
permission be granted them to vary the ap-
plication of the said item of \$475.00 —

and the levelling of the ground around
said market —

That in view of the approaching demolition of Papineau Market it is necessary that a new weigh-house be erected at the site already chosen, viz: the junction of Craig and Notre-Dame streets in the St. Mary's ward;

That tenders have been received for the construction thereof, the lowest of which was accepted by your Committee.

That the amount required for the construction thereof, namely \$3500. was not included in your Committee's general appropriations for the current year.

They accordingly recommend that they be

They therefore re-
