The following letter was received from L. J. Seavergant Esq. Manager of the Grand Trunk Ry.

Mr. Councillor has handed me your letter of the 11th inst. and respecting the proposed branch to the Village of Cote St Paul.

I have had that line surveyed and find that its cost would be at least \$25000⁰⁰. The amount required has been larger than I expected and I am afraid at the present time unless that some very substantial inducements are offered by the local parties that the Company is not in a position to enter upon the consideration of the question.

I have been told that the Corporation would probably be prepared to make a handsome contribution towards the work. If that be so I would like to hear from you on the subject. Our engineer will be at any time prepared to explain to you the route which he considers the best and the reasons why any other cannot be so advantageously taken.

Yours truly
L. J. Seavergant
