Sir,

As far as I can judge I consider the value of the property on which the building of the St. Ann's Market now stands, is worth about \$41,800, and the vacant space from the East end of the Market to the old Weigh House is worth about \$22500, making in all about \$64,300.

The length of the market is about 344 ft by 50, and that of the vacant space about 300 by 50. = 40
