1430 PEEL STREET
MONTREAL, CANADA

September 19, 1958.

Dear Mrs. Borsch,

I am sure that you and your mother and sisters must have been deeply touched by the wonderful tributes which came to your late father from so many quarters and I trust the knowledge of the universal esteem in which he was held by virtue of his fine life of service and devotion has served to soften the sadness of his passing.

I would like to add my word of sympathy to you all and to record the deep sense of personal loss which I feel for I was privileged to enjoy your father's friendship over many years and the recollection of our friendly and confidential talks on many subjects will long remain a cherished memory.

Mrs. Bronfman joins me in these expressions, believe me,

Yours very sincerely,

Allan Bronfman
