

Oct. 10. 1859

My dear Sir. Davis,

Mrs. Davlet in Compliance
with your instructions sends
up this day a Number of
the Quebec records, and I enclose
the liberty of enclosing to your
address at same time only those
in.

Paton & Ardouin
Pax. & Ross.

Bawell & Denis

Sapple & Kennedy

Hatton & Fortier

Provancher & Lachapelle

Remond & Paul Tsang

The other records sent up in
which I am interested are others
Concerned are

Normand & Crevier.
Marche & Léon Talbot

As to the first Paper Dunn & Ward
and I think the Case turns
upon the question of Registration;
that that question has ~~not~~ been
decided so often, and for such a length of

Sir J. W. Latouche
Part

time accorded a recess by the
Parliament of the respondent, that
it can no longer be deemed
an open one; and therefore that
the judgment ought to be
quashed - with respect to the
part I may mention that the
Court made in Tremblay's Bouchard
& Simois Thibet - (1 R.R. 19. p 47)
and

points of grammar & print
(1 R.R. 19. p 23)

were rendered by

Sir J. Stevens
Brown ^{J.}
Hazell ^{J.}
& Pearcey ^{J.}

In the second case Grantham
v. Fitzgerald et Paterson
where the judgment ought
to be quashed. Mr. Angus
states accompanying the record and
are very full.

Since last term I have
had some private business to
attend to for my step brother S.
Burton now absent from the
Province. This much to say
what has really retarded my
examination of the records here.

Garrison will have remitted
them all in a few days and will
then cause them to be sent to
Montreal.

I thank you very much
for your favor in
relation to the
~~abolition~~ of the
abolition of the Slave
(abolition of the Slave) - I hear
objections of an urge against the
abolition of the Slave
be got over.

With kind regards to my
dear friends Henry & Edwin & friends
believe me ever truly yours

Yours very truly

W. H. Herdman.
