Cher Monsieur:-

J'ai l'honneur de soumettre au Conseil divers comptes de la Cie. Montreal Tramways pour travaux de refection de leurs voies ferrées, lors de la construction des pavages permanents.

Les divers items regardant le temps employé à ces travaux sont approuvés, celui regardant la surintendance et l'usage de l'outillage ne peut l'être qu'en autant que la Compagnie ne chargerait pas plus de 15% du coût de la main d'oeuvre, et sur les comptes produits, cet item represente 25% du coût de la main d'oeuvre.

Je désirerais que le Conseil communique avec la compagnie pour lui faire reduire ses comptes, regardant l'item de la surintendance et l'usage de l'outillage.

Cher Monsieur,

En réponse à la vôtre du 14 avril 1916 j'ai l'honneur de faire rapport qu'une partie des comptes de la Compagnie Montreal Tramways, soumis à notre approbation, sont approuvés par notre bureau, moins l'item de la surintendance et de l'usage de l'outillage pour lequel la Compagnie charge 25% du cout de la main d'oeuvre, tandis qu'elle ne devrait pas charger plus que 15%, tel que déjà soumis au Conseil par notre lettre du 26 janvier dernier.

Le compte de \$17.00 pour dommage à un char de la Compagnie ne regarde pas notre bureau, nous n'en connaissons rien.

We have your letter of the 20th. inst.,  
in connection with the charge for use of tools, Super-

to advise you that it is our usual practice on work of

overhead or indirect expense incidental to the work.  
We can see no reason why any exception should be made  
in this case.

Our accounts are returned herewith.
