Cher monsieur:-

Vous nous obligeriez beaucoup de nous faire parvenir,
à brève échéance, des renseignements aussi précis que possible
sur la population, l'évaluation municipale et l'état de la det-
te de votre municipalité. Les totaux suffiront.

Évaluation 32,704,216.77
Votre bien obligé,

B. Wilson
City Editor
La Patrie

de la ville de Maisonneuve

18 Février 1899.

Mr. B. Wilson,
City Editor,
La Patrie, Montréal.

Monsieur,-

En réponse à la vôtre du 17 courant, j'ai l'honneur de vous fournir les renseignements suivants, savoir
Population de la ville de Maisonneuve d'après le dernier rôle d'évaluation 2816;

Evaluation municipale d'après le dernier rôle d'évaluation \$2,784,816.20;

Deette au 31 Décembre 1898 \$540,850.48.

Je désirerais que vous ne vous serviez pas de ces chiffres pour établir la dette per capita, car la population ne représente pas le nombre des intéressés parce qu'il y a un grand nombre de personnes qui possèdent des propriétés à Maisonneuve mais qui cependant ne résident pas dans Maisonneuve et c'est peut-être la majorité.

J'ai l'honneur d'être,

Votre très humble serviteur,

M. G. Erenment
de la Ville de Maisonneuve.

Maisonneuve is one of the flourishing suburbs of the City of Montreal and shall, before long, be annexed to the latter. There is two Roman Catholic churches, one Presbyterian and one Anglican, one Protestant school and one large Roman Catholic Academy, all over \$60,000.00 of cost. The area of Maisonneuve is about 1,269 acres bounded by the St. Lawrence river on one side and adjoining the City of Montreal on the other side.

Dear Sir,

A few weeks ago I called at your office for some information respecting the rate of taxation and the assessed value of taxable real estate in your municipality. Since then I have had the pleasure of a conversation with you by telephone from which I inferred that there is some difficulty in supplying what I ask. As a small block of the bonds of your town are now before me for consideration it will be of great assistance for me to know the present standing of the town.

I understand that when you made your last issue of bonds in 1899 that the assessed value of the taxable real estate was \$2,919,669.83, that the bonded debt was \$725,000 and the population over 4,000. I shall be much obliged to you if you will let me know if ^{since} there has been any material change in the real estate value and population and shall also thank you for any further information as to local improvements &c that you can conveniently furnish me with.

Awaiting the favour of your reply,

I remain,

Yours faithfully,

Mon Cher Monsieur,-

J'ai reçu hier la vôtre du 27 courant et j'ai le plaisir de répondre aux informations que vous demandez, comme suit:

Lorsque nous avons émis les dernières débetures la propriété foncière taxable en/99 était comme vous le dites dans votre lettre de \$2,879,559.83 et la dette consolidée de \$725,000. et la population 4000. -Vous me demandez ensuite s'il y a des changements dans la valeur foncière, la population depuis cette époque et aussi si il y a eu des améliorations dans la ville.

En réponse je dois vous dire que d'après le dernier rôle d'évaluation devant en force le premier octobre 1900, la propriété foncière taxable était de \$3,329,854.80 et la population à la même date et d'après le même rôle de 5034. -Nous avons aussi fait des travaux d'améliorations pour \$15,000.00 environ.

Espérant que ceci vous sera satisfaisant,

veuillez me croire,

votre très humble serviteur

10 Déc. 1909.

1068/908

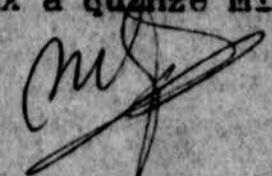

Je, soussigné, Secrétaire-Trésorier de la Ville de
Maisonneuve, certifie par les présentes, sous mon serment
d'office:

Que le revenu annuel ordinaire de la Ville de Maisonneuve pour l'année 1908 a été, d'après le rapport des auditeurs pour la même année, de la somme de cent cinquante-trois mille quatre cent-dix-huit piastres et trente-huit centins (\$153,418.38).

EN FOI DE QUOI j'ai signé à Maisonneuve ce dixième jour du mois de décembre mil neuf cent-neuf.

Sec.-Trés.
de la Ville de Maisonneuve.

Prenant en considération le fait que certaines exemptions ou limitations de taxes sont expirées cette année et prenant en considération l'augmentation considérable de la valeur immobilière tant par les nouvelles constructions que par l'augmentation de la valeur du terrain, je suis sous l'impression que le revenu annuel pour l'année 1909 devrait être considérablement augmenté et que cette augmentation sera d'au moins dix à quinze mille piastres.

Je, soussigné, Secrétaire-Trésorier de la Ville de

de l'actif de la Ville porté à l'état signé par moi le
23 juin 1909, au chiffre de \$1,441,634.08, a été mis là
par erreur, le fond des rues n'ayant pas été ajouté à
cette somme.

En conséquence le fond de ces rues s'élevant à \$
(\$1,494,976.40) un million quatre cent quatre-vingt-quatorze

tins, il aurait fallu mettre à l'item No. 10, le montant
de deux millions neuf cent trente-six mille six cent-dix

Caron & Dr. J.B.A. Quintal, signé par eux, ont été de

pour la même année d'après le même rapport signé par les
mêmes auditeurs, ont été de cent cinquante-trois mille

(\$153,415.38) laissant une balance au compte de la Corpo-

Dear Sir:

1068/911

Regarding the information required by the Bank of Montreal for insertion in the Stock Exchange Year Book, I am now in receipt of yours giving the figures, but strange to say they are less than the figures which appeared in the Stock Exchange Year Book on February 6th 1909.

For instance, the taxable real estate on February 6th 1909 was £2.832.166. In 1910-1911 the taxable real estate, calculating the figures at par of exchange which you give, is £2.626.687, or £205.479 less than it was two years ago.

The debt I suppose would be alright, for it shows a slight increase. The debt on February 6th 1909 was £686.568, while on December 31st 1910 it was £697.734. This I suppose would

Dear Sir,

1068/14

About July 28th we wrote you asking if you would be kind enough to send us five of the latest official reports which your City has issued, giving particulars of its debt, tax rate, population, etc. This information is needed to complete the statistical files of our five offices which are situated in Montreal, Toronto, London, Eng., Boston and New York.

As you are probably aware, the demand for Canadian Municipal Debentures has increased many fold in the last year or two in the United States, and you will, we think, appreciate the benefit which will be derived by Canadian Cities in having accurate copies of their Municipal statements on record with a reputable banking house.

We shall be glad to reimburse you for any expense in this connection.

Yours very truly,

We beg to acknowledge receipt of your favor of the 2nd with the enclosure of the letter received by you from the Star Assurance Society and the draft copy of information of the City of Maisonneuve, dated April 20, 1914, unsigned.

We think it would be better that you should forward this information direct to the enquirers as it will look much better to them coming direct than through an intermediary, as you have suggested.

We therefore return the letter referred to as well as the copy of information and if you have not a regular published financial statement of the city to forward, then we see no reason why you should not forward a copy of this information addressed direct to the Star Assurance Society.

We understood that you intended getting out a regular report of the city's financial status and if you had this available we should think it would be better that it should go forward, but if this has not yet been printed, then we would suggest you forward copy of the statement herewith enclosed.
